Neem asb kennis dat voortaan **slegs gekeurde geregistreerde diere** op ‘n veiling onder beskerming van die Genootskap aangebied kan word. Geen ongekeurde diere sal op die Genootskap se veilingskatalogus aangebring word nie.

Wanneer ‘n bul op ‘n veiling aangebied word en die verkoper hou semen vir eie gebruik terug, moet dit verklaar word en op die katalogus aangeteken word.

‘n Volledige stel opgedateerde Veilingsreëls is by die Kantoor beskikbaar. Dit sal ook op ons webtuiste, www.boran.org.za, beskikbaar wees.

Die opleidingskursusse word baie sterk aanbeveel en ons wil weereens u aanmoedig om waar moontlik, die 2011 opleidingskursusse by te woon. Dit behels ‘n twee-dag kursus wat deur mnr. Clynton Collett aangebied sal word. Volledige opleidingsmateriaal, wat u ook na afloop van die kursus kan gebruik, sal beskikbaar gestel word, sowel as ‘n bywoningsertifikaat.

5. PRESTASIETOETSING

Graag herinner ons u aan die 2010 Algemende Jaarvergadering besluit dat prestasietoetsing verpligtend is en moedig ons u aan om wel daaraan deel te neem Die 2011/2012 aansoekvorms van die LNR is aangeheg.

Ons merk egter dat baie min telers aan die bogenoemde besluit gehoor gegee het. Diegene wat nog nie by die LNR aangesluit het nie, moet dit asb. onverwyld doen.

Baie dankie aan diegene wat wel by die LNR aangesluit het.

6. 2011 NASIONALE VEILING

Die Boran Nasionale Veiling sal op Saterdag 9 Julie 2011 om 11:00 in die Afri Dome te Parys deur CMW Elite aangebied word. Mnr. Johan van der Nest sal as afslaer optree.

BAIE BELANGRIK

U moet asb toesien dat diere wat op die Nasionale Veiling aangebied word teen TB getoets word. Indien dit vir u onmoontlik is, moet ‘n skriftelike bevestiging van ‘n veearts bekom word waarin verklaar word dat die veilingsdiere nie vir TB getoets is nie. Geen ‘tuberculin’ is tans in die land beskikbaar nie.

DIE BORAN GENOOTSKAP AANVAAR GEEN AANSPREEKLIKHEID VIR DIERE WAT NIE TEEN TB GETOETS IS NIE. DIE VERKOPER VAN SODANIGE DIERE SAL VERANTWOORDELIK GEHOU WORD SOU DAAR ENIGE EISE IN DIE VERBAND ONTSTAAN.

Slegs gekeurde geregistreerde SP-diere sal op die Nasionale Veiling toegelaat word. Ons doen 'n ernstige beroep op elke deelnemer aan die Nasionale Veiling, om seker te maak dat die dier/e wat u ingeskryf het, aan die standard voldoen en onberispelik veilingswaardig voorkom. Die Nasionale Veiling is 'n belangrike vertoonvenster van ons ras en dit is elke teler se verantwoordelikheid om as ambassadeur van die Boran-ras op te tree.

Alle veilingsdiere moet reeds teen 12:00 op Donderdag 7 Julie 2011 vir 'screening' gereed wees. Ons maak staat op u samewerking.

7. REGISTRASIES

Die geboorte van **ALLE** kalwers uit Hulpstamboek 'A', 'B', 'C' en 'SP' koeie moet bine **90 dae** na geboorte aangemeld word, hetsy lewendig of doodgebore of 'n B-bulkalfie. Hierdie inligting word benodig ten einde die moeder se kalfrekord en interkalfperiodes op datum te hou.

Baie belangrik:

Embriokalwers van skenkers wat nog nie gekeur is nie (CLB), mag nie vir registrasie opgeneem word nie.

'n Standaard Skedule O vorm sal vanaf 1 Julie 2011 op die SA Stamboek webtuiste (www.studbook.co.za) beskikbaar wees en SA Stamboek sal vanaf 1 Julie 2011 geen ander vorm aanvaar nie.

Geen embrio kalwers van 'n dier wat in besit is van 'n nie-lid, sal aangeteken word nie.

Indien 'n bul (nie as KI-bul geregistreer nie) van eienaars verwissel en die vorige eienaars semen van die bul terughou en verkoop, sal die KI-kalwers nie geregistreer word nie. Telers wat dit wel doen, moet daarop let dat dit tot 'n siviele aangeleentheid tussen die onderskeie telers wat saad verkoop het, kan lei.

8. OPTELING VAN DIERE

Die optelingstelsel werk as volg:

- Komm. Moeder x C- of SP-bul = A-kalf (slegs vroulik word geregistreer, hoewel bulkalwers ook aangemeld moet word ten einde die moeder se kalfrekords op datum te hou).
- A-moeder x SP- of C-bul = B-kalf (slegs vroulik word geregistreer, hoewel bulkalwers ook aangemeld moet word ten einde die moeder se kalfrekords op datum te hou).
- B-moeder x **slegs** SP-bul = C-kalf (C-bulle word nie toegelaat nie)
- C-moeder x C-bul = C-kalf
- C-moeder x SP-bul = SP-kalf
- SP-moeder x SP- of C-bul = SP-kalf

5. PERFORMANCE TESTING

You are reminded that during the 2010 Annual General Meeting the Society resolved that performance testing be made compulsory. We therefore urge breeders to take part and register as members of the Performance Test Scheme. The 2011/2012 application forms are attached.

We however note that very few members have since reacted. The members who have not yet joined are urgently requested to enrol as members.

Thank you to those who have already joined the scheme.

6. 2011 NATIONAL SALE

The Boran National sale is scheduled for Saturday, 9 July 2011 at 11:00 at the Afri Dome, Parys by the auctioneers CMW Elite. Mr. Johan van der Nest will act as the auctioneer.

VERY IMPORTANT

It is important to note that all animals entered for the National Sale have to be TB tested. If it is not possible to perform the test, a written declaration by the veterinarian will have to be submitted, stating that the animals had not been tested for TB. At present no tuberculin is available in the country.

THE BORAN SOCIETY WILL NOT ACCEPT ANY RESPONSIBILTY FOR ANIMALS WHICH HAD NOT BEEN TB TESTED. THE SELLER OF SUCH ANIMALS WILL BE HELD RESPONSIBLE FOR ANY CLAIMS WHICH MIGHT ARISE.

Only inspected and fully registered i.e. SP animals may be entered and allowed for the National sale. We therefore urgently appeal to all participants of the National Sale to

ensure that the animals entered conform to the standard and that they are sale worthy. The National Sale is an important sale window of the Society and it is the responsibility of each and every seller to act as an ambassador for the Boran Breed.

All sale animals have to be ready at 12:00 on Thursday 7 July 2011 for screening. We rely on your co-operation.

7. REGISTRATIONS

The births of **ALL** calves from Appendix 'A', 'B', 'C' en 'SP' cows have to be submitted within **90 days** after birth whether born alive, still born as well as bull calves from Appendix A dams. This information is essential for the dam's calving record. As well as for inter-calving periods of the breed.

Very Important:

All embryo donor cows have to be inspected. No birth of an embryo calf will be recorded if its dam had not been passed. As a donor.

A Standard Schedule O form will as from 1 July 2011 be available on the SA Stud Book web-page: (www.studbook.co.za).

No embryo calf in possession of a non-member will be recorded.

When a privately owned bull, which was not registered as an AI bull, is sold and the breeder retained semen from the bull for his own use, **he may under no circumstances sell the semen to a fellow breeder.** AI calves born from such mating will not qualify for recording. This illegal practice may lead to serious conflict between breeders.

8. UPGRADING OF ANIMALS

The up-grading system work as follow:

- Commercial cow x C or SP bull = A calf (only the female progeny will qualify for recording).
- A-dam x SP- or C-bull = B-calf (only the female progeny will qualify for recording, the birth of a bull calf must be reported for the calving record of its dam).
- B-dam x **only** SP-bull = C-calf (C-bulls do not qualify for this mating).
- C-dam x C-bull = C-calf
- C-dam x SP-bull = SP-calf
- SP-dam x SP- or C-bull = SP-calf
